Specifications

Finished Trim Boards

Material

Prefinished profiled Solid Maple

Sizes

23", 47" and 70" long.

Hardware

Trim Boards come with 1 1/8" screws for easy installation and the ability to be removed and re-installed more than once.

Attributes

The profile is designed to replicate the styles of a flat panel door. The Finished Trim Boards are designed to bend to accommodate the shape of the adjacent wall to look as if it was scribed to it.
