**Specifications** **Finished Trim Boards**

|                   |   |
|-------------------|---|
| <b>Material</b>   | Prefinished profiled Solid Maple  |
| <b>Sizes</b>      | 23", 47" and 70" long.  |
| <b>Hardware</b>   | Trim Boards come with 1 1/8" screws for easy installation and the ability to be removed and re-installed more than once.  |
| <b>Attributes</b> | The profile is designed to replicate the styles of a flat panel door. The Finished Trim Boards are designed to bend to accommodate the shape of the adjacent wall to look as if it was scribed to it. |
