Specifications **Partitions and Partition Extensions**

Core Material	Our veneer core is manufactured with western softwood intercore and the thinnest MDF outer surfaces available, making it lightweight and leaves a clean edge when cut.
Edge Material	3 Mill profiled matching wood grain edge banding.
Surface Material	High Pressure Melamine authentic wood grain Laminate.
Sizes	Partitions come in 12" x Deep x 23 and 47" High and 16" Deep x 47" High.
Sizes	Partition Extensions come in 2 sizes 12" Deep x 23" High and 16" Deep x 23" High.
Attributes	The Partition Extensions can mount below or above standard Partitions to make 70" and 93" partitions.
